

Accessing HR Content on the NIH Portal

April 2005

NIH Portal

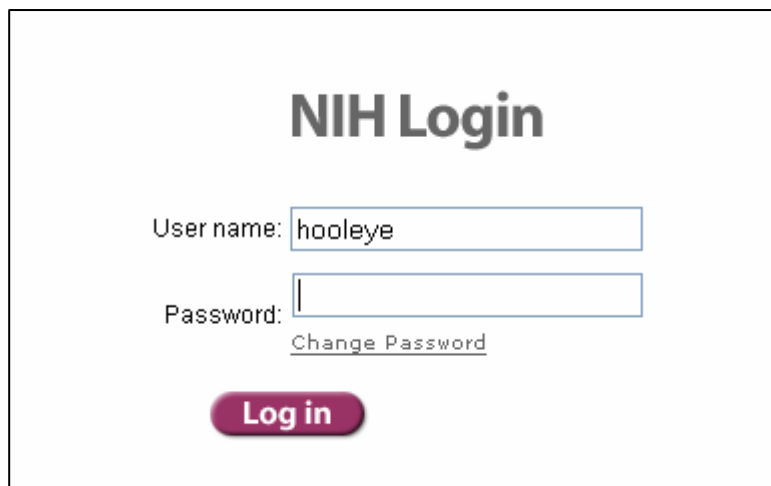

The Office of Human Resources (OHR) is committed to using the NIH Portal as the NIH-Intranet and is moving to provide access to Human Resources (HR) systems and HR content of relevance to NIH employees on the NIH Portal. HR content of interest to the general public or job-seekers will also be available on the NIH Jobs website.

Access to HR systems is provided through “portlets” or “gadgets” that are available on individual user’s **My Page** or through the **HR Community**. Access to human resources documents and information are available in the **Document Directory**, which users can browse to, or find through utilizing the NIH Portal’s search functionality.

This document explains how to navigate the NIH Portal and how to most effectively find the human resources content available on the NIH Portal.

How to log into the Portal:

1. From the portal login <https://my.nih.gov>
2. Enter your NT User Name
3. Enter your NT Password and click on the **Log in** button
4. Your NIH Portal My Page displays.

At the bottom of the form, there is a red, rounded rectangular button with the text "Log in" in white.
